

Whilst You're At Home

We are going to stay in touch

23nd February 2021

WASH COVER MAKE

Positive Message of the Week

Hi everyone, we hope you have all had a great week off for half term, and worked on staying positive, even though you may be missing your school friends.

This week we are going to be looking at Road Safety which is really important to keep you safe.

There will be a few activities to get involved with too.

If you are worried about anything please remember to talk to someone you trust. Have a good week everyone.

Introduction to Road Safety

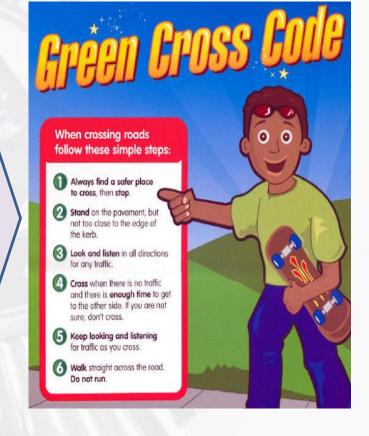

You could create your own safer road crossing poster.

Within the presentation we are going to be talking about a few different areas of Road Safety with a few activities such as:

- Crossing the road
- Seat belts
- Parking
- Quiz
- Wordsearch
- Colouring in sheet

Different types of crossings

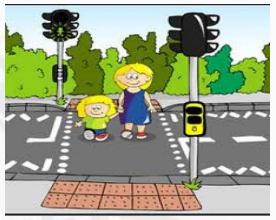

School Crossing

Zebra Crossing

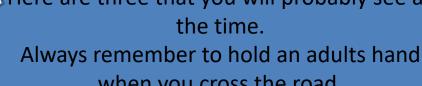

Pelican Crossing

There are lots of different types of crossings. Here are three that you will probably see all

when you cross the road.

Seat belts and Car Safety

Wearing a seat belt can reduce the risk of car crash injuries by 50%.

During a four-year period, seat belts saved more than 75,000 lives.

Nationwide seat belt use is at an all-time high of 88%.

People between the ages of 16 and 24 are less likely to wear seat belts and males are less likely to wear seat belts than females.

When parents are driving PLEASE DO NOT

Have the music too loud

Distract the person who is driving

Mess about in the car which could distract the driver

Make sure you have the right car seat for you!!!!

Please feel free to colour in this picture or Create your own picture

Activity 2 - Word search

Road Safety
