Heads Up 3rd March 2023

Dear Parents,

What a fantastic week we have had and so much to celebrate!

Thank you so much to the parents that joined us for our special celebration assembly today – it was wonderful to see so many of you to share such a special celebration.

The children were so proud to showcase their achievements and hard work and your support and encouragement means so much, thank you!

This week we have launched our Dojo reward system and it has created such a buzz around school. We have sent all links to the Dojo platform home so please link up to us so you can watch your child's rewards journey and celebrate the dojo points they receive. The children will earn points for both individual and whole class rewards and they are very excited about the prizes!

This week we attended the small schools football competition and took three amazing teams along to complete. After a ten round competition we made it through to the semi-final! After an action packed ten minutes and a 0-0 Draw, the match ended in a tense penalty shootout. After 7 penalties per side, we were beaten by a whisker! I was so proud of our school. We didn't need to win to be the best school there. The encouragement, cheering and passion of our children really shone through. Well done Pott Shrigley!

Next Friday will be the first day of our exciting Science Week. This will run from Friday 10th until Friday 17th March. On Friday 10th we have a robotics expert visiting school who will work with the children in two sessions to create a robot car/vehicle which can avoid obstacles in a STEM workshop.

Following this, the teachers have planned lots of exciting science activities and experiments to bring Science week to life!

Anne Marie Willis
Headteacher
