

Heads Up

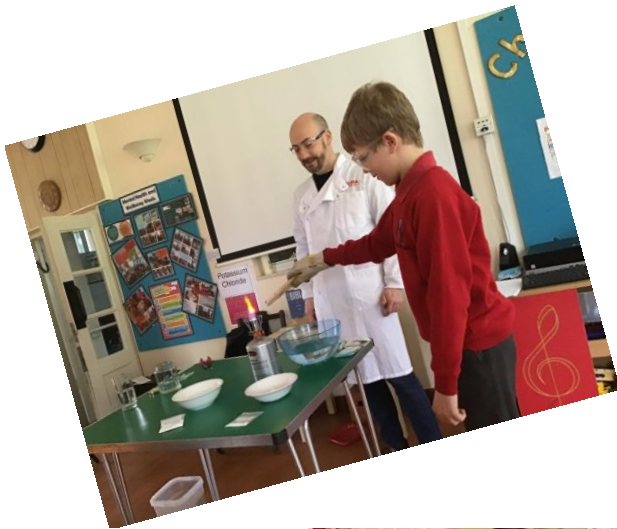

Dear parents

We've had a brilliant week in school, thinking about science along with many other schools nationally as part of British science week.

<https://www.britishsienceweek.org/>

Huge thanks to all our visitors this week who shared their love of science and illustrated the various types of careers available in different areas of science. Unfortunately, our trip to Poynton High School had to be cancelled due to COVID but has been rescheduled for 1st April. We enjoyed listening to Tom Hudson, Simon Frost and Claire Stevenson talk about their work and engage us with some interesting experiments.

11-20 March

e-mail: admin@pottshrigley.cheshire.sch.uk
Headteacher: Ms Joanne Bromley

We also need to thank Mrs Turner, our science co-ordinator, for her help with all the arrangements and for inspiring and supporting us with all our activities. Coming up next week, we have Mad Science in school who are going to look at polymers.

Don't forget it is parents' evening on Monday 21st, please sign up for a slot to speak with your child's teacher on School Spider or by calling the office. Books and other work will be in the school hall where you should wait until staff are ready to speak with you.

Looking further ahead, our family service at St Christopher's is on Mothering Sunday, 10.45am 27th March, and we would like to invite everyone to come but especially children in reception and year three. The parish generously buy all the children in these year groups a bible and they would like to present them during the service.

I hope that you have an enjoyable weekend.

Kind regards

Joanne Bromley

Head Teacher

If you, your child or anyone in your family does not feel well then please do not come to school, stay at home and do a lateral flow test. If it is positive, please report it to school and follow the latest guidance on isolation.

Diary Dates:
