

*Be kind and compassionate to one another, forgiving each other,  
just as in Christ, God forgave you"*  
Ephesians 4:32

Dear parents,

A quiet week for us at school, things have begun to settle down and teachers are continuing to support children by focusing on well-being and also informally assessing where gaps in their learning are. You clearly all did a great job at home because the children are relaxed and happy to be back at school and keen to get on with the business of learning and playing.

Today was a particularly great day as we had a visit from a baby owl – Rubble – which ended off a week focused on birds in Class 1. Class 2, meanwhile, read a summary of the United Nations Rights of the child followed by a debate on which needs are most important using their very best persuasion techniques.

## Updated handwashing advice

It is essential that everyone washes their hands more often, using soap and water for at least 20 seconds. Hand washing with soap employs mechanical action that loosens bacteria and viruses from the skin, rinsing them into the drain. Drying hands afterwards makes the skin less hospitable to the virus. Hand sanitiser can be effective if soap is not available or the situation makes using soap less feasible (i.e. when outside) but using hand sanitiser provides none of the virus-destroying friction that rubbing your hands together and rinsing with water provides.

You are all in our thoughts and prayers every day.

Have a relaxing weekend.

Kind Regards

*Joanne Bromley*
